Reference: New Rate Increase

Dear Sir:

*Please be informed I am totally in opposition to the rate increase. The electricity in South Carolina is higher than any state I have ever lived in. I am very conservative when it comes to conserving energy. I do not use any lights during the day and my heat is set on sixty four degrees upstairs and downstairs. The air-conditioning is around seventy four in the summer...most of the time turned off completely. My electric bill for January was around (six hundred and forty five dollars) -- I have never encountered such a statement.*

*Please think of those that need to stay warm and cannot take the extreme heat -- the elderly!*

*Thank you for listening... ..*

Sincerely,  
Ann Chesnutt
